

The Iris Network helps people with vision impairment or blindness attain independence and community integration.

Our specialists will teach you innovative methods for accomplishing daily activities without solely relying on your vision. In addition, we will introduce you to a range of magnifying devices and aids that can enhance your life.

The Iris Network can help you maintain your independence safely and confidently at home, work, school, during travel, and within your community.

Start by contacting us! Our team of professionals will lend a compassionate ear, and collaborate with

you to create a plan that aligns with your goals.

If you have lost or are losing your vision, come visit us!

To meet your needs, we offer assessments to determine the best course of action, as

well as the training and introduction of tools needed to help you maintain your independence.

If you are looking to attend college, a vocational program, or find employment, we offer pre-vocational skill training.

Our focus also includes educating individuals on accessible technology.
